WOULD SEGURE

Water Users Confer With Chief Engineer Davis of Reclamation Service.

Memberz of the El Paso Water Users' association met Tuesday morning in the office of Felix Martines to discuss the proposition of securing motive power from the Elephant Butte dam with A. P. Davis, chief engineer of the United States reciamation service, and Louis C. Hill, consulting engineer. Both reclamation officials are in El Paso from Elephant Butte, where they have been impocting the works.

The meeting was informal and the tentative plans for developing power from the dam, in what quantity how soon and other questions relating to the subject.

the subject.

Ten or 13 men were present. They met later in the day at luncheon in the Hotel Paso del Norte. No definite announcement was made after the morning session, but the irrigation men met again after the luncheon to continue the talk.

HARMON WAS FORMER

SMELTER ORE BUYER E. M. Harmon, the American who was killed at Madera on February 22, was formerly an ore buyer in Mexico for the El Paso smelter, having been stationed in Jimenez for a number of years to purchase ores from that district for shipment to the El Paso smel-

Harmon was a man about 60 years old, his friends here say, and as far as is known he had no family either in Mexico or in the United States. He was ferwarding agent for the Dolores Mining company at Madera, after resigning from the service of the smelt.

ing company.

After the shutdown of the North
Western and Madera mills, he took
temporary employment with the Madera company as a night watchman
at the Madera mills.

POLICEMAN WILL SEACH FOR SON IN LOS ANGELES Mounted policemen Tom York, who has not heard from his son, Ira W. York, since last August, left for Los Augeles, Calif., this afternoon to search for him. The last letter received from the missing boy was postmarked Los Angeles and the address given was 207 New Depot street. Police chief C. E. Sebastian, of Los Angeles, has been asked to locate the boy but nothing definite has been heard from him. York does not think anything has happened to his son. He believes the boy has simply neglected to write.

MEDAL TO GOETHALS

Tribute to Builder of Panama Canal Comes
as Final Act of Wilson's First
Year as President.
Washington, D. C., March 4.—From the
hand of president Wilson Cot. George W.
Goethals received Tuesday night a heavy
gold medal in recognition of his accompitshments as builder of the Panama canal.
The medal was the gift of the National
Geographic society. Its presentation was
the culmination of the society's annual banquet.

quef.

Secretary Bryan was toastmaster, and sathered about the banquet table with the distinguished scientists of the society were president Wilson and his cabinet, justices of the supreme court, members of the diplomatic corps, high officers of the army and havy, leaders in both houses of congress and other notable figures in the life of the national capital.

During the evening Jules J. Jusserand, the French ambanesdor and dean of the diplomatic corps, was formally notified of his election to honorary membership in the society.

The hanquet hall presented a striking acans. At one end raised high above the table the words:

"Atlantic-Goethals-Pacific," blazed in brilliant electric letters as all other lights

were extinguished.

Ice cream was served the diners from minisature dredges, carried by waiters dreesed in the uniform of the United States engineer corps and followed by saliors bearing a tiny battle ship, individual dishes of cream appeared moulded in the shape of a Panama camal dump car.

The medal awarded Col. Goothals was of heavy Roman gold. It was given as an expression of the appreciation of the society and the nation, of the army engineers distinguished service. Its presentation was the final act of president Wilson's first year as chief executive of the United States.

PRESENTATION TO GOETHALS has been bestowed for distinguished

Silk Dresses that Are Sweetly Feminine Street Dresses at \$15--Dancing Frocks at \$25

SWEETLY feminine conveys in two words the effect of the new Spring styles in Dresses, and this is about the highest praise that could be given, for the expression of femininity in women's attire leaves nothing to be desired. There is a quaint pic turesqueness to the new Silk Dresses, with their frills and flowers and puffings. The overskirt effect is strongly in evidence and the materials run largely to taffetas, erepe de chines, soft crepes and poplins. A charming assortment ready for your inspection Thursday. spection Thursday.

The Wool Dresses

T OVELY new wool dresses of crepe, serge and voile smart styles with fancy collars, dainty vests, bolero and jackets, draped girdles and sashes, slightly distended tunics and

Smartest Effects in Spring Coats

Featuring the Balmacaan Model THE new Spring coats are very original. Never have they been as smart or developed as much style. Made in various lengths and fashioned from Golfine, Crepe Eponge, Bayadere, Club Checks, Serge, Wurombo Chinchilla, Donegal Tweeds, Moire, Taffeta, Ripple Silk and Duvetyne, Particularly good are the silk couts with flare and ruffle flounces. Many are in simple belted style. In this display are the most original styles you have ever seen, We direct your especial attention to the newest coat style for women—the Balmacaan—a garment with a slip-on effect, capacious Raglan sleeves, slashed tide pockets and mannish cuffs. Ask to see it.

The New Spring Styles in Skirts Showing Skirts of Crepe de Chine and Brocaded Crepe Meteor

TIUNICS are the prime characteristic of present day fashions in skirts. These are not only in the single overskirt effect, but often run to two and three tunies. They are made up in many different ways, some being finished with just the narrow flounces to simulate the tunic effect. The Separate Skirt is being worn more this season than for many seasons past. In combination with the dainty new blouses many charming costumes can be worked out.

Blouses that Rule Spring Styles

95c, \$1.45, \$1.95, \$2.45, \$2.95, \$3.95, \$4.95 to \$29.50 B LOUSES of Lace, Chiffon, Crepe de Chine, Canton Crepe, Georgette Washable Crepe, etc., made with low neck aand three-quarter sleeves. Some very popular styles are white lace and chiffon over flesh chiffon and net. Others chiffon and crepes, embroidered in colors. Then we show handsome blouses of Voile, Cotton Crepe, Lingerie and Dotted Swiss. Some are beautifully trimmed with Cluny laces, others have dainty laces and net frills; faney button trimmings are also popular. These come in low and high neck styles most charming. Ask to imported models designed by Paul Poiret.

New Arrivals in Millinery Pretty Styles Coming in Daily

SMALL snugly fitting shapes will be good for the early season. Eccentric turbans—convoluted, bent, shaped and twisted into cure apply convoluted, bent, slashed and twisted into queer angles-will be prominent. Some of the best styles are high in the back or at the left side; tricorns will have favor. Shapes with exceedingly high side-flares will continue in the spotlights. In many instances the high, flaring effect will be produced by the wide ribbon, maline or silk.

The leading straw will be Milan-hemp. Combinations of straw with fabrics will appear

in many smart hand-made hats. Materials on the taffeta, faille and moire order will be prominent. Usually the fabric will be employed for the crown and the straw will appear in the brim, and often the reverse. Maline is in high favor now, especially for transparent crowns and frill finishes, to soften abrupt lines. Jet and maline combinations are chic and
